

Year 5 – Learning News

Autumn 2

We are reading....

Maths

In maths we will be learning a range of fluency, reasoning and problem-solving skills taking the following topics;

- Factors of numbers
- Squared and cubed numbers
- Equivalent and improper fractions
- Fractions adding and subtracting mixed numbers

Science

Materials & Properties-

Solubility, conductivity, flexibility, fair testing of materials, solubility, separation of mixtures, reversible changes dissolving, mixing, change of state.

Home Learning

To help your child with their learning at home you can....

- Read with them three times a week.
- Support them to practice spellings through Spelling Shed
- Practice number fluency on Times Tables Rock Stars.

In English I am learning to...

- Make use of figurative language for effect.
- Explore different formats to present non-fiction for reader appeal.
- Select vocabulary more precisely, especially more sophisticated synonyms.
- Use some use of fronted adverbials to add interest, followed by a comma.
- Use of punctuation for direct speech is accurate, including commas.
- Vary sentence starters considering the placement of subordinating clauses.
- Write effectively for a range of purposes and audiences, selecting language that shows good awareness of the reader (eg first person in a diary, direct address in instructions or persuasion).

Our PE days are Tuesday & Friday

In RE each half term we will be exploring a big question through a world view. Our question this half term is...

WHAT WOULD JESUS DO?

Geography

Mountains

In this unit we will look at the key geographical features and terminology of mountains.

We will also explore the different features and locations of mountains around the world.
