

We are reading....

Maths

In maths we will be learning a range of fluency, reasoning and problem-solving skills taking the following topics;

- Place Values
- Tens & Ones
- Addition
- Subtraction

In RE each half term we will be exploring a big question through a world view. Our question this half term is...

WHAT IS IT LIKE TO FOLLOW GOD?

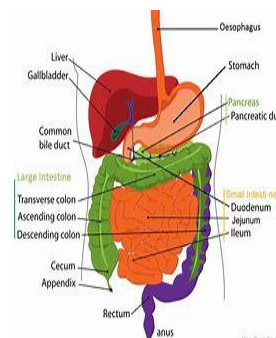

In English I am learning to...

- Write phrases and sentences that make sense to the reader.
- Show awareness of the use of capital letters and full stops for punctuation.
- Segment sounds in words, including long vowels, and blend together when writing.
- Segment spoken words into phonemes and represent these by graphemes, spelling some words correctly and making phonically plausible attempts at others.
- Spell words containing the phonemes taught.
- Use the punctuation taught at key stage 1 correctly.

Our PE days are Monday & Friday

Science

The Human Body
The digestive system, teeth and senses, a healthy diet, nutrition, vitamins and minerals, skeletons and muscles for support, protection and movement.

Home Learning

To help your child with their learning at home you can....

- Read with them three times a week.
- Support them to practice spellings through Spelling Shed
- Practice number fluency on Times Tables Rock Stars.

History

This topic introduces children to the idea of 'prehistory'. It is important that all children understand that 'prehistory' means a time before written records, and they know that archaeologists find out about the past from what people left behind. Children will explore the period from the Stone to Iron age.
